Slawek Latala, Jan Romanski, Maciej Czajkowski

Dear bridge friends and colleagues,

Once again we would like to invite you to our biggest international bridge festival in the Baltic States “Vilnius Cup”. Over the last few years the tournament has grown into a major bridge event, with many best European bridge players competing here. European small federations championship will take place here also right before the “Vilnius Cup”, because of that we expect players from more than twenty different countries to participate in the main events. With over 15000 € in prize money it is also a very attractive event for every bridge player. We really look forward to seeing you here this year, since it is also a very special year for Vilnius as it has been named European Capital of Culture, therefore you will find a lot of interesting and intriguing events taking place here.

Sincerely, Vytautas Vainikonis

PS. Make sure you contact our friends – travel agency Jerulita for more information about the tournament and other events that will take place in Vilnius during your stay.
